808 Movement – Closed Loop & Sustainable Cocktails

Welcome to the 808 Movement...

Here at The Shelbourne we are joining the Marriott Hotels community around the globe to strive for more sustainable consumption & promoting positive sustainability at home and in venues like our No. 27 Bar.

Closing Loops...

Our 808 Principles are simple - To Reimagine, to Reinvent by Recycling through Reuse, and Mix the old with the new...

The Vision...

Our champion is **808** and they are leading the way to create a community of like-minded people around the world who believe that less is always more, quality is king and if a choice exists to make a more conscientious choice in consumption...Then it's not a choice at all...

We will delve through historic practices and modern techniques to deliver guides, tips and tricks that allow us to Reimagine, Reinvent, Reuse, Recycle perishable food waste.

Why...

We are in the middle of a global climate crisis. One of the biggest contributors of this is food waste. We all contribute so we need to make a change in order to survive.

How...

By bringing together the right people and expertise to share knowledge and boost awareness of conscientious consumption. 808 believes in authenticity, reliability, the commitment to do the right thing. But even 808 is not perfect, as they have their human side and with that come faults. Following sustainable practices is not black or white and is not always possible. However if we all choose to be more sustainable when we can, that change might just be enough to tip the scales in our favor.

Meet 808 and view our range of Closed Loop sustainable cocktails

Scan the QR code below on your smart device to read a little bit more about 808 and see our range of Closed Loop cocktails.

Our Closed Loop cocktails contain one ingredient that is fully closed loop, meaning that we are cutting down on our food waste by using left over products to Reimagine our way of making our cocktails.
