

## Environmental Management Policy

The Shelbourne Hotel recognises that the Tourism Industry has an important role to play in the environment. Together with Marriott International, we are committed to protecting and enhancing the environment, making a positive and long-term sustainable impact within the industry. Our commitment to responsible and sustainable business practices benefits the environment and our community and future generations.

To help achieve this, The Shelbourne, by collaborating with our associates, brand, customers, guests, hotel owners, suppliers, and other business partners, is committed to taking the following actions:

- To achieve sound environmental practices across our entire operation and achieve third-party environmental certification recognition
- To review and update this Policy annually and report on our progress in achieving our Goals and Targets
- To create an Environmental Action Plan setting out our planned actions - current and future
- To comply fully with all relevant environmental legislation
- To minimise our waste with a specific focus on Food, Single Use Plastics and Landfill
- To monitor and reduce our water consumption
- To Reduce, Re-use & Recycle the resources consumed by our business wherever practical
- To develop and implement a Green Purchasing Policy that actively favours local and responsibly sourced goods and services
- To invite our customers, suppliers and contractors to participate in our efforts to protect the environment

- To provide all employees with the training and resources required to meet our objectives
- To openly communicate our policies and practices to interested parties
- To monitor and record our environmental impacts on a regular basis, develop KPI's and compare our performance with our policies, objectives and targets

**The Shelbourne is committed to working on the following goals in 2022.**

***Energy***

To reduce our Energy consumption by 5% in 2022 over 2017.

***Water***

To reduce consumption of Mains Water by 2% in 2022 over 2017 which will be the equivalent of 911 cubic meters or 911000 litres of water

***Waste***

To reduce food waste by 15 Tonnes by 2025 over 2017

***Green Purchasing***

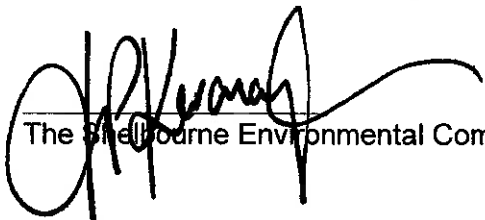

To engage with our suppliers to reduce packaging by 5% over 2017

To increase usage of recycled paper products to 50% of all paper/cardboard purchased

***Community Social Responsibility***

To engage in a local "Clean Up" at least once a year in conjunction with the Tidy Towns Competition

To communicate monthly our performance & achievements through the hotel website
